HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 24, *Missouri Register*, page 27. The approved short form of citation is 24 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo Supp. 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 40—Division of Fire Safety Chapter 5—Elevators

EMERGENCY AMENDMENT

11 CSR 40-5.120 Inspectors. The division is amending sections (2)–(8) and adding new sections (4)–(6).

***PURPOSE:** This emergency amendment will change minimum qualification requirements for municipal and political subdivision elevator inspectors increasing the number of qualified inspectors available to insure public safety.*

***EMERGENCY STATEMENT:** The emergency amendment is necessary to insure statutory compliance of the inspection/testing of elevator equipment. This amendment will allow additional qualified inspectors to conduct required inspection/testing of elevator equipment at the local government level. It is vital to public safety that elevator equipment meets minimum safety requirements and insures qualified inspectors conduct the inspection/testing.*

The existing promulgated rule limits the inspection of elevator equipment by a (QEI) certified inspector. Due to the lack of local government entities having such qualified inspectors it was determined that alternative certifications be reviewed to increase the number of inspectors available to insure public safety was being met.

The Missouri Division of Fire Safety finds a potential immediate danger to the public health and welfare and a compelling government interest, which requires emergency action. The scope of this rule is limited to the circumstances creating this emergency. The Missouri Division of Fire Safety believes this emergency amendment is fair to all interested persons and parties under the circumstances. Emergency amendment filed August 24, 2000, effective September 4, 2000 and expires March 2, 2001.

(2) **Qualification of Special Inspector.** To be eligible for a license to inspect elevator equipment, the applicant or licensee shall—

Engineering education on a college level may be substituted on a year-for-year basis for the non-elevator qualifying experience. The one (1) year of required elevator experience may be on the basis of continuous employment for one (1) year in which at least half (1/2) of the applicant's time is devoted to elevator work;

(C) Have successfully passed the written examination for elevator inspectors administered by an association accredited by the American Society of Mechanical Engineers and evidenced by a certification of the applicant or licensee as a qualified elevator inspector (QEI). This is commonly referred to as being QEI certified;

Additionally, insurance coverage of an employer for whom the special inspector is employed shall be considered to comply with the aforementioned, if the coverage provides equivalent coverage for each special inspector; and

(F) Have no direct financial interest in any business or operation that manufactures, installs, repairs, modifies or services elevator equipment. This qualification does not prohibit employees of insurance companies insuring automatic elevator equipment from obtaining a license as an inspector. (E) Beginning with the second year of their candidacy status the applicant shall attend one (1) continuing education and certification class as approved by the Missouri Elevator Safety Board per year;

(F) Within five (5) years of the date of application to the Missouri Elevator Safety Board for a candidate's license to inspect elevator equipment the applicant shall have successfully passed the written examination for elevator inspectors administered by an association accredited by the American Society of Mechanical Engineers and evidenced by a certification of the applicant or licensee as a qualified elevator inspector (QEI), commonly referred to as being QEI certified; or have successfully completed the Building Officials Code Administrators (BOCA) certification program for Elevator

[[5]] (8) Issuance.

(A) The department shall issue a license immediately upon the board's approval of an applicant and the payment of a fee in accordance with 11 CSR 40-5.110.

(B) A license shall expire one (1) year from the date of issuance or renewal. License shall be renewed annually. The annual inspector license fee shall be in accordance with 11 CSR 40-5.110 as listed herein.

**Title 15—ELECTED OFFICIALS
Division 60—Attorney General**

**Chapter 10—Reporting of Motor Vehicle Stops by Law
Enforcement Agencies**

EMERGENCY RULE

15 CSR 60-10.010 Definitions

PURPOSE: This rule advises the public of the definitions adopted for certain terms which are used in section 590.650, RSMo, and the rules promulgated thereunder.

EMERGENCY STATEMENT: This rule advises the public of the definitions of certain terms used in section 590.650, RSMo, and the rules promulgated thereunder, relating to the reporting of information on motor vehicle stops. The General Assembly passed section 590.650, RSMo, to require law enforcement agencies to compile certain information about motor vehicle stops for reporting to the Attorney General, in order to determine whether Missouri peace officers are using racial profiling to target members of racial minority groups for motor vehicle stops. The new law becomes effective on August 28, 2000, and this rule is necessary to give notice to law enforcement agencies as to the meaning of certain terms used in section 590.650, RSMo, and the rules promulgated thereunder. Notifying law enforcement agencies of these definitions preserves the government's compelling interest in determining whether racial profiling is occurring in Missouri and it will discourage unlawful conduct. Without the advice and assistance of this rule, law enforcement agencies will be unable to comply fully or uniformly with section 590.650, RSMo. Procedures to assure fairness to all interested persons and parties have been employed. The Attorney General has sought advice and counsel from law enforcement and citizen organizations in drafting this rule. This rule complies with the Missouri and United States Constitutions. The scope of this rule is limited to providing definitions for law enforcement agencies for use in reporting information on motor

vehicle stops. Emergency rule filed August 21, 2000, effective August 31, 2000, expires February 23, 2001.

(1) The term “law enforcement agency,” as used in section 590.650, RSMo, shall mean the state highway patrol, any state, county, or municipal department or office that employs peace officers who stop drivers of motor vehicles for violations of any motor vehicle statute or ordinance.

(2) The term “peace officer,” as used in section 590.650, RSMo, shall mean any member of the state highway patrol, any state, county, or municipal law enforcement officer possessing the duty and power of arrest for violation of any criminal laws of the state or for violation of ordinances of counties or municipalities of the state who serve full time, with pay.

(3) The term “search,” as used in section 590.650, RSMo, shall mean any action of a peace officer, arising out of a motor vehicle traffic stop, that infringes upon an individual's reasonable expectation of privacy.

(4) The term “Terry stop” shall mean a stop of an individual where specific and articulable facts, together with all rational inferences, suggest that the driver is involved in criminal activity. A Terry stop is an investigatory stop that is not an arrest and can be justified by less than the probable cause necessary for an arrest.

(4) The terms “Terry frisk” or “Terry search” shall mean a limited pat-down or frisk of the driver or his or her automobile for weapons which occurs when there are specific and articulable facts which, taken together with rational inferences from those facts, would lead a peace officer reasonably to believe the driver is armed and presently dangerous to the officer or others.

AUTHORITY: section 590.650, RSMo 2000. Emergency rule filed Aug. 21, 2000, effective Aug. 31, 2000, expires Feb. 23, 2001. A proposed rule covering this same material is published in this issue of the Missouri Register.

**Title 15—ELECTED OFFICIALS
Division 60—Attorney General**

**Chapter 10—Reporting of Motor Vehicle Stops by Law
Enforcement Agencies**

EMERGENCY RULE

**15 CSR 60-10.020 Report to Attorney General by Law
Enforcement Agencies**

PURPOSE: Section 590.650, RSMo, requires law enforcement agencies to compile and report certain information to the Attorney General. This rule provides instructions regarding the information to be reported pursuant to section 590.650, RSMo.

EMERGENCY STATEMENT: This rule advises, assists, and provides instructions for law enforcement agencies in compiling and reporting information on motor vehicle stops. The General Assembly passed section 590.650, RSMo, to require law enforcement agencies to compile certain information about motor vehicle stops for reporting to the Attorney General, in order to determine whether Missouri peace officers are using racial profiling to target members of racial minority groups for motor vehicle stops. The new law becomes effective on August 28, 2000, and this rule is necessary to give notice to law enforcement agencies as to how compliance with the new law may best be achieved. Facilitating uniform compliance preserves the government's compelling interest in determining whether racial profiling is occurring in Missouri and discourages unlawful conduct. Without the advice and assistance of

this rule, law enforcement agencies will be unable to comply fully in a uniform manner with section 590.650, RSMo. Procedures to assure fairness to all interested persons and parties have been employed. The Attorney General has sought advice and counsel from law enforcement and citizen organizations in drafting this rule. This rule complies with the Missouri and United States Constitutions. The scope of this rule is limited to providing advice, assistance, and instructions to law enforcement agencies in compiling and reporting information on motor vehicle stops. Emergency rule filed August 21, 2000, effective August 31, 2000, expires February 23, 2001.

(1) On or before March 1 of each year, law enforcement agencies shall compile the information collected pursuant to section 590.650.2, RSMo, and enumerated in this rule, and such other information as the Attorney General may require, into a report to the Attorney General. The information contained in the report shall be for the preceding calendar year.

(2) The first reporting period during which law enforcement agencies are required to compile and report the information required by section 590.650.2, RSMo, and enumerated in this rule, and such other information as the Attorney General may require, shall begin on August 28, 2000, and end on December 31, 2000.

(3) Beginning on January 1, 2001, and thereafter, the reporting period during which law enforcement agencies are required to compile and report the information required by section 590.650.2, RSMo, and enumerated in this rule, and such other information as the Attorney General may require, shall begin on January 1 and end on December 31 of each year.

(4) Each law enforcement agency shall compile the following information in the manner described in subsection (5) of this rule for submission to the Attorney General. The information shall pertain to the total number of times peace officers employed by the law enforcement agency stopped drivers of motor vehicles for violations of any motor vehicle statutes or ordinances, and shall include:

(A) The age, gender and race or minority group of each individual stopped;

1. For the total number of stops made during the reporting period, indicate the races or minority groups of the drivers using one of the following categories: White; Black/African-American; Hispanic/Latino; American Indian/Alaska Native; Asian; or Other/Unknown.

2. For the total number of stops made during the reporting period, indicate the number of male drivers stopped and female drivers stopped.

3. For the total number of stops made during the reporting period, indicate the age groups of the drivers stopped using one of the following categories: under 18 years; 18–29 years; 30–39 years; or 40 years or older.

(B) The total number of traffic violations alleged to have been committed that led to the stops;

1. For the total number of stops made during the reporting period, indicate the number of stops resulting from moving violations, equipment violations or license violations.

2. For moving violations, indicate the nature of the violation: speed; lane violation; following too close; commercial vehicle enforcement (CVE); fail to signal; or other. A stop may include more than one alleged violation

(C) The total number of searches conducted as a result of the stops;

1. For the total number of stops made during the reporting period, indicate the number of searches made, including the number of property searches and driver searches.

(D) The total number of searches conducted, including the number of consent searches, the probable cause for the searches, the number of driver searches, the number of property searches, and the durations of all searches;

1. For the total number of searches made during the reporting period, indicate whether the probable cause or authority for the searches included the following: consent; odor of illegal drugs or alcohol; drug dog alert; plain view contraband; inventory search; incident to arrest; reasonable suspicion (weapon); or other. For any search, one of more of these categories may apply.

2. For the total number of searches made during the reporting period, indicate the lengths of the searches using the following time periods: 0 to 15 minutes; 16 to 30 minutes; 31 minutes or more. The duration of search means the time needed to conduct any and all searches.

(E) The types of any contraband discovered during the searches;

1. For the total number of searches made during the reporting period, indicate the number of times contraband was discovered and, when contraband was discovered, indicate the types of contraband discovered using the following categories: illegal drugs or paraphernalia; currency; stolen property; weapons; or other.

(F) The total number of warnings, citations, and arrests resulting from the stops;

1. For the total number of stops made during the reporting period, indicate the number of stops resulting in the following: warnings; citations; and arrests.

(G) The total number of warnings and citations issued, and the violations charged or warnings given;

(H) The total number of arrests resulting from either the stops or the searches;

1. For the total number of stops made during the reporting period, indicate the number of arrests resulting from either the vehicle stops or any searches conducted as a result of the stops.

(I) The number of arrests made and the crimes alleged;

1. For the total number of arrests resulting from either the stops or any searches conducted as a result of the stops during the reporting period, indicate the types of crimes alleged using the following categories: outstanding warrant; drug violations; resisting arrest; offense against person; property offense; driving while intoxicated/blood alcohol content; or other. An arrest may include more than one alleged crime.

(J) The location of the stop;

1. For the total number of stops made during the reporting period, indicate the number of stops made at the following locations: interstate highway; interstate highway; U.S. highway; state highway; county road; city street; or other. For purposes of reporting this information, "location" means the location where the officer observed the alleged violation and signaled the driver to stop, not the location where the driver physically stopped the vehicle.

(K) Total number of vehicle stops made by that agency.

1. This number represents the total number of vehicles stopped by officers in the particular law enforcement agency for alleged motor vehicle violations, whether moving violations, equipment violations, or license violations. This total does not include motor vehicle stops made for reasons other than alleged motor vehicle violations.

(5) The information described in subdivision (4) of this rule shall be compiled and broken down according to the races or minority groups of the drivers stopped.

(6) The law enforcement agency head, director, or administrator shall sign each agency report and shall indicate the agency name, agency ORI number, and the date the report was submitted to the Attorney General's Office.

(7) The report shall be submitted on forms furnished by or approved by the Attorney General.

AUTHORITY: section 590.650, RSMo 2000. Emergency rule filed Aug. 21, 2000, effective Aug. 31, 2000, expires Feb. 23, 2001. A proposed rule covering this same material is published in this issue of the Missouri Register.

Officers and Law Enforcement Agencies**

EMERGENCY RULE

15 CSR 60-10.030 Reporting Forms

PURPOSE: This rule provides forms used for the compilation and reporting of information on motor vehicle stops by law enforcement agencies.

EMERGENCY STATEMENT: This rule provides forms for law enforcement agencies for use in collecting and reporting information on motor vehicle stops. The General Assembly passed section 590.650, RSMo, to require law enforcement agencies to compile certain information about motor vehicle stops for reporting to the Attorney General, in order to determine whether Missouri peace officers are using racial profiling to target members of racial minority groups for motor vehicle stops. The new law becomes effective on August 28, 2000, and this rule is necessary to give notice to law enforcement agencies as to the format for reporting the required information. Bringing law enforcement agencies into compliance with the reporting requirements preserves the government's compelling interest in determining whether racial profiling is occurring in Missouri and discourages unlawful conduct. Without the advice and assistance of this rule, law enforcement agencies will be unable to comply fully with section 590.650, RSMo. Procedures to assure fairness to all interested persons and parties have been employed. The Attorney General has sought advice and counsel from law enforcement and citizen organizations in drafting this rule. This rule complies with the Missouri and United States Constitutions. The scope of this rule is limited to providing forms to law enforcement agencies for use in collecting and reporting information on motor vehicle stops. Emergency rule filed August 21, 2000, effective August 31, 2000, expires February 23, 2001.

(1) Law enforcement agencies are required, pursuant to section 590.650, RSMo, and 15 CSR 60-1.020 to compile information about motor vehicle stops for submission to the Attorney General.

(2) No report from a law enforcement agency shall be deemed to be in compliance with section 590.650, RSMo, unless the report contains a compilation of the information enumerated in 15 CSR 60-10.020 and such other information as the Attorney General may require.

(3) No report from a law enforcement agency shall be deemed to be in compliance with section 590.650, RSMo, unless the report is signed by the law enforcement agency head, director, or administrator.

(4) The compiled information shall be broken down by races or minority groups of the drivers stopped.

(5) The report to the Attorney General shall be made on a form furnished by or approved by the Attorney General. The attached reporting forms are hereby incorporated into this rule by reference.

The reporting form may, at the discretion of the Attorney General, be made available on the Internet.

(6) The Attorney General may create informal guidelines for compliance with the reporting form. The guidelines may, at the discretion of the Attorney General, be made available on the Internet.

AUTHORITY: section 590.650, RSMo 2000. Emergency rule filed Aug. 21, 2000, effective Aug. 31, 2000, expires Feb. 23, 2001. A proposed rule covering this same material is published in this issue of the Missouri Register.

INSTRUCTIONS FOR ANNUAL TRAFFIC STOPS REPORT TO THE AG'S OFFICE

- 1 Total number of traffic stops:** This number will reflect the total number of vehicles stopped by officers in your agency for alleged motor vehicle violations — moving, equipment or license — for the period Aug. 28, 2000 (effective date of law), to Dec. 31, 2000. This total does **not** include stops made for other reasons.
- 2 Traffic violation(s) resulting in stop:** For all stops made, indicate number of stops resulting from:
☐ Moving violations ☐ Equipment violations
☐ License violations
- 3 Categories of "moving" violations:** For all instances where a "moving" violation resulted in the stop, indicate the category violation(s). If no category applies to the violation, use "Other."
- 4 Result(s) of traffic stops:** For all stops made, indicate number of stops resulting in:
☐ Citations ☐ Warnings ☐ Arrests
Do not include arrests made as a result of a search. This information is included in Question 14.
- 5 Race/minority of drivers stopped:** For all stops made, indicate number of drivers stopped in each NCIC category:
☐ White ☐ Black/African-American
☐ Hispanic/Latino ☐ American Indian/Alaska Native
☐ Asian ☐ Other/unknown
- 6 Age of drivers stopped:** For all stops made, indicate number of drivers stopped in each age group:
☐ Under 18 ☐ 18-29 ☐ 30-39 ☐ 40 or above
- 7 Gender of drivers stopped:** For all stops made, indicate number of drivers stopped in each category:
☐ Male ☐ Female
- 8 Location of traffic stops:** For all stops made, indicate number of stops made at each location:
☐ Interstate highway ☐ U.S. highway ☐ State highway
☐ County road ☐ City street ☐ Other
Location is where the officer saw the alleged violation and signaled the driver to stop, **not** where the driver finally stopped.
- 9 Traffic stops resulting in searches:** For all stops made, indicate total number of searches, along with number of:
☐ Driver searches ☐ Property searches
One stop may lead to a search of the driver and property (the vehicle itself or property inside it) so the breakout of searches **may exceed** number of stops resulting in searches.
- 10 Probable cause/authority for search:** For all searches made, indicate number of searches based on:
☐ Consent ☐ Drug or alcohol odor
☐ Incident to arrest ☐ Plain view contraband
☐ Reasonable suspicion that individual may possess a weapon (Terry Stop) ☐ Inventory
☐ Drug dog alert
☐ Other
One or more categories may apply. (Example: the basis for a search may include a drug odor and a drug dog alert.)
- 11 Duration of search:** Indicate the number of searches lasting:
☐ 0-15 minutes ☐ 16-30 minutes ☐ 31 minutes or more
The duration of a search means the amount of time needed to conduct any and all searches described in Question 9.
- 12 Traffic stops leading to discovery of contraband:** Indicate number of stops in which contraband was discovered.
- 13 Type of contraband discovered:** Indicate number of times each type of contraband was discovered:
☐ Illegal drugs/drug paraphernalia ☐ Currency
☐ Weapons ☐ Stolen property ☐ Other
- 14 Total number of drivers arrested as result of search:** Indicate number of arrests made. Number of arrests made pursuant to searches **does not include** number of arrests made pursuant to stops (see Question 4).
- 15 Crime/violation alleged as result of arrests:** For all arrests made (add totals for questions 4 and 14), indicate number of times each crime or violation was alleged:
☐ Outstanding warrant ☐ Drug violation ☐ DWI/BAC
☐ Resisting arrest ☐ Property crime ☐ Other
☐ Offense against person
Each arrest may result in **more than one alleged crime/violation.**

Breakout of Annual Traffic Stops Report by Race/Minority Status

The Traffic Stop Reports by Race/Minority Status provide the same information as the Annual Traffic Stops Report but is broken down by group:

- White
- Black/African-American
- Hispanic/Latino
- American Indian/Alaska Native
- Asian
- Other/unknown

The total number of stops for each minority group should **equal** the number of traffic stops reported by the agency on the Annual Traffic Stops Report.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rule-making process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least 30 days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than 30 days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the 90-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than 30 days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

1. Mold release—A coating applied to a mold surface to prevent the mold piece from sticking to the mold as it is removed, or to an aerospace component for purposes of creating a form-in-place seal.

2. Caulking and smoothing compound—A semi-solid material that is used to aerodynamically smooth exterior vehicle surfaces or fill cavities such as bolt hole accesses. A material shall not be classified as a caulking and smoothing compound if it can be classified as a sealant.

(B) Aerospace manufacture and/or rework facility—Any installation that produces, reworks, or repairs in any amount any commercial, civil, or military aerospace vehicle or component.

(C) Aerospace vehicle or component—Any fabricated part, processed part, assembly of parts, or completed unit, with the exception of electronic components, of any aircraft.

(D) Antique aerospace vehicle or component—An aircraft or component thereof that was built at least thirty (30) years ago. An antique aerospace vehicle would not routinely be in commercial or military service in the capacity for which it was designed.

(E) Aqueous cleaning solvent—A cleaning solution in which water is the primary ingredient (greater than eighty percent (80%) by weight of cleaning solvent solution as applied must be water). Detergents, surfactants, and bioenzyme mixtures and nutrients may be combined with the water along with a variety of additives such as organic solvents (e.g. high boiling point alcohols), builders, saponifiers, inhibitors, emulsifiers, pH buffers, and antifoaming agents. Aqueous solutions must have a flash point greater than ninety-three degrees Celsius (93°C) (two hundred degrees Fahrenheit (200°F)) (as reported by the manufacturer) and the solution must be miscible with water.

(F) Chemical milling maskants—A coating that is applied directly to aluminum components to protect surface areas when chemical milling the component with a Type I or Type II etchant. Type I chemical milling maskants are used with a Type I etchant and Type II chemical milling maskants are used with a Type II etchant. This definition does not include bonding maskants, critical use and line sealer maskants, and seal coat maskants. Maskants that must be used with a combination of Type I or Type II etchants and any of the above types of maskants are also not included in this definition.

(G) Energized electrical systems—Any AC or DC electrical circuit on an assembled aircraft once electrical power is connected, including interior passenger and cargo areas, wheel wells, and tail sections.

(H) Flush cleaning—The removal of contaminants such as dirt, grease, and coatings from an aerospace vehicle or component or coating equipment by passing solvent over, into, or through the item being cleaned. The solvent may simply be poured into the item cleaned and then drained, or be assisted by air or hydraulic pressure, or by pumping. Hand-wipe cleaning operations where wiping, scrubbing, mopping, or other hand actions are used are not included in this definition.

(I) General aviation—Segment of civil aviation that encompasses all facets of aviation except air carriers, commuters, and military. General aviation includes charter and corporate-executive transportation, instruction, rental, aerial application, aerial observation, business, pleasure, and other special uses.

(J) General aviation rework facility—Any aerospace installation with the majority of its revenues resulting from the reconstruction, repair, maintenance, repainting, conversion, or alteration of general aviation aerospace vehicles or components.

Primers that are defined as specialty coatings are not included under this definition.

(N) Self-priming topcoat—A topcoat that is applied directly to an uncoated aerospace vehicle or component for purposes of corrosion prevention, environmental protection, and function fluid resistance. More than one (1) layer of identical coating formulation may be applied to the vehicle or component.

(O) Semi-aqueous cleaning solvent—A solution in which water is a primary ingredient (greater than sixty percent (60%) by weight of the solvent solution as applied must be water).

(P) Specialty coating—A coating that, even though it meets the definition of a primer, topcoat, or self-priming topcoat, has additional performance criteria beyond those of primers, topcoats, and self-priming topcoats for specific applications. These performance criteria may include, but are not limited to, temperature or fire resistance, substrate compatibility, antireflection, temporary protection or marking, sealing, adhesively joining substrates, or enhanced corrosion protection.

(Q) Topcoat—A coating that is applied over a primer on an aerospace vehicle or component for appearance, identification, camouflage, or protection. Topcoats that are defined as specialty coatings are not included under this definition.

(R) Touch-up and repair operation—That portion of the coating operation that is the incidental application of coating used to cover minor imperfections in the coating finish or to achieve complete coverage. This definition includes out-of-sequence or out-of-cycle coating.

(S) Type I etchant—A chemical milling etchant that contains varying amounts of dissolved sulfur and does not contain amines.

(T) Type II etchant—A chemical milling etchant that is a strong sodium hydroxide solution containing amines.

1. Enclosed system. Spray guns shall be cleaned in an enclosed system that is closed at all times except when inserting or removing the spray gun. Cleaning shall consist of forcing cleaning solvent through the gun. If leaks in the system are found, repairs shall be made as soon as practicable, but no later than fifteen (15) days after the leak was found. If the leak is not repaired by the fifteenth day after detection, the cleaning solvent shall be removed and the enclosed cleaner shall be shut down until the leak is repaired or its use is permanently discontinued;

Chapter 5—Air Quality Standards and Air Pollution

PROPOSED AMENDMENT

10 CSR 10-5.375 Motor Vehicle Emission Inspection Waiver.
The commission proposes to amend the proposed rule purpose and sections (1) and (2). If the commission adopts this rule action, it will be submitted to the U.S. Environmental Protection Agency to replace the current rule in the Missouri State Implementation Plan.

PURPOSE: This amendment replaces the Missouri State Highway Patrol inspector/mechanic with qualified repair technician, removes the waiver time constraint, and changes the applicability to just Franklin County. The RSMo 536.016 requirement for necessity evidence is RSMo 307.366, Missouri State Highway Patrol rule II CSR 50-2.400 and the inspection and maintenance contract.

PURPOSE: This rule complies with section 307.366.4, RSMo. It specifies the procedures and limits for receiving a waiver after failing a motor vehicle emission reinspection in the basic inspection and maintenance program as established under II CSR 50-2.400.

(1) Applicability. This rule shall apply to all motor vehicles powered exclusively or in part by gasoline which are registered after January 1, 1997, in *[the counties of] Franklin[,] County [St. Charles, Jefferson, St. Louis and the City of St. Louis]* and that have failed an emission reinspection.

(2) Issuance of a Waiver.

(A) A vehicle which has failed an emission reinspection will be issued a waiver under the following conditions:

[1. A maximum of twenty (20) days has not elapsed since the original inspection, excluding Saturdays, Sundays and state holidays;]

[2.]1. The subject vehicle has failed the initial emission inspection, has had repairs made appropriate to the test failure, and has failed an emission reinspection;

[3.]2. The vehicle operator shall take the vehicle to a state quality assurance/waiver facility and shall present to the department representative the emission analyzer computer generated State of Missouri Vehicle Inspection Certificate, stating that the vehicle presented has failed the initial emission inspection and all subsequent emission reinspections;

[4.]3. The vehicle operator shall present all itemized receipts of qualified repairs. The dollar value shall be sufficient to meet the limits established for the model year of the vehicle and were made between the initial inspection rejection and the reinspection rejections. Qualified repairs are those pertaining to the emissions failure only, and whose total costs are determined from itemized receipts for parts repaired/replaced and/or qualified labor costs;

[5.]4. To the extent practical, the department representative will visually verify that repairs were made and parts were repaired/replaced as claimed. A waiver affidavit/authorization will be issued by the department representative upon determination the qualified repair costs meet the established limits; and

[6.]5. The vehicle operator returns to the original safety/emission inspection station for the affixing of the emission sticker to the vehicle.

(B) The amount spent on qualifying repairs shall—

1. Not be less than seventy-five dollars (\$75) for pre-1981 model year vehicles;

2. Not be less than two hundred dollars (\$200) for 1981 and all subsequent model year vehicles;

3. Be inclusive of parts and/or labor costs paid for qualifying emission repair services, where applicable. Qualified labor costs which may be applied toward a waiver are those labor costs incurred from *[Missouri State Highway Patrol (MSHP) licensed inspector/mechanics]* a **qualified repair technician**. Qualified labor costs shall be applied toward a waiver. For qualifying emission repair services performed by someone other than *[an MSHP licensed inspector/mechanic]* a **qualified repair technician**, parts costs, but not labor costs, shall be counted toward the established waiver minimums;

4. Only include items determined to be appropriate as a possible cause of the test failure;

5. Not include the fee for an emission inspection;

6. Not include charges for obtaining a written estimate of needed repairs;

7. Not include charges for checking for the presence of emission control devices;

8. Not include costs for repairs performed on the vehicle before the initial inspection failure;

9. Not include expenses which are incurred for the repair of emission control devices which have been found to be tampered with, rendered inoperative, or removed; and

10. Not include costs for emissions repairs or adjustments covered by an automobile manufacturer's warranty, insurance policy, or contractual maintenance agreement. The emissions repair costs covered by warranty, insurance, or maintenance agreements shall be separated from other emissions repair costs and shall not be applied toward the waiver cost limitations. The operator of a vehicle within the statutory age and mileage coverage under subsection 207(b) of the federal Clean Air Act shall present from the manufacturer or authorized dealer a written denial of warranty coverage, with a complete explanation, in order for this provision to be waived.

(C) The vehicle operator shall present the original of all itemized repair receipts at the state quality assurance/waiver facility to demonstrate compliance with the qualifying dollar amount. The repair receipts shall—

1. Include the name, address, and phone number of the repair facility;

2. Describe the repairs that were performed;

3. State the labor costs (where applicable) and parts costs for each repair; and

4. Include the name (printed or typed), signature and if applicable the *[MSHP inspector]* **qualified repair technician** ID number of the *[inspector/mechanic]* **repair technician** that performed *[or supervised]* the repair work.

AUTHORITY: section 307.366.4, RSMo Supp. [1996] 1999. Original rule filed Jan. 14, 1997, effective Aug. 30, 1997. Amended: Filed Aug. 4, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will cost private entities about \$22,304 in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed amendment will begin at 9:00 a.m., October 26, 2000. The public hearing will be held at the Ramada Inn, 1510 Jefferson Street, Jefferson City, Missouri. Opportunity to be heard at the hearing shall be afforded any interested person. Written request to be heard should be submitted at least seven days prior to the hearing to Roger D. Randolph, Director, Air Pollution Control Program, 205 Jefferson Street, P.O. Box 176, Jefferson City, MO 65102-0176, (573) 751-4817. Interested persons, whether or not heard, may submit a written statement of their views until 5:00 p.m., November 2, 2000. Written comments shall be sent to Chief, Planning Section, Air Pollution Control Program, 205 Jefferson Street, P.O. Box 176, Jefferson City, MO 65102-0176.

PURPOSE: This amendment incorporates a new emission limit for the main stack at the Doe Run primary lead smelter located in Herculaneum, Missouri. The name of the smelter located in Glover, Missouri, is also being changed to reflect a change in ownership. The evidence supporting the need for this proposed rule-making, per section 536.016, RSMo, is the Environmental Protection Agency's letters to the governor and *Federal Register* notices for failure to attain the lead standard and failure to submit a state implementation plan.

The total costs presented in this table represent all of the costs associated with the State Implementation Plan (SIP) Revision. Since the majority of the emission control projects are physically associated with the main stack, all of the emission reduction costs are included.

The total costs for 1995 through 1999 include emission controls installed at the Doe Run facility prior to the requirements of this rule. These projects included paving, filter bag and fan upgrades in baghouses, a street sweeper purchase, truck tire wash station, main stack replacement, several building enclosure and ventilation projects, and air injection controls for the blast furnace. Doe Run has already incurred these costs, but they are included here for completeness.

Additional SIP Operating Costs are the personnel and utility (electricity) costs associated with manning and operating the SIP controls. The cost estimated for 2003 is associated only with the operation and maintenance of the control equipment. Total Aggregate Cost Per Year is \$913,600 for years 2003 and beyond for the life of the rule.

IV. ASSUMPTIONS

1. The cost data was provided by the Doe Run Company. It includes the cost of installing, operating, and maintaining the air pollution control devices associated with the State Implementation Plan control strategy. It also includes the cost of record keeping.
2. The life of the rule cannot be reasonably estimated. The smelter has been in operation for over 100 years, and there is no indication of plans to halt operation.
3. Inflation is not included in this estimate, and all costs are calculated in year 2000 dollars.

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 75—Peace Officer Standards and Training Program
Chapter 11—Continuing Education Requirements

PROPOSED AMENDMENT

11 CSR 75-11.010 Minimum Requirements for Peace Officers and Reserve Officers and Chief Executive Officers. The Department of Public Safety is amending sections (1) through (4) and adding section (4).

PURPOSE: This rule enumerates and updates the minimum number of hours of continuing education required to remain qualified as a certified peace officer, reserve officer or CEO. It sets forth the requirements for successful completion of the continuing education requirement for peace officers, reserve officers, and CEOs. The commission has determined that a program of continuing education is necessary to promote and ensure professional competence.

(1) *[Beginning August 28, 1996,] A mandatory program of continuing law enforcement education (CLEE) is hereby established for all peace officers, reserve officers, and chief executive officers (CEOs) [employed in Missouri shall be required to have a minimum of forty-eight (48) hours of continuing education for the purpose of maintaining certification.] certified by the director pursuant to the ACT.*

(2) *[Following the enactment date of this act, or within three (3) calendar years following the date of his/her certification, and every three (3) years thereafter, all peace officers, reserve officers, and CEOs must satisfactorily complete the mandated continuing education requirement within three (3) calendar years. For the purpose of this document, a calendar year is from January 1 to December 31.] The CLEE program shall consist of forty-eight (48) hours of training to be selected by the trainee and successfully completed within a three (3)-year period. The program shall include a minimum of four (4) hours in each of the following curricula areas: Legal Studies; Interpersonal Perspectives; Technical Studies; and Skill Development, which shall include Firearms Training. At least twenty-four (24) hours shall be obtained from a CLEE provider approved by the Peace Officer Standards and Training (POST) Commission.*

(3) *[All peace officers, reserve officers, and CEOs may begin accruing hours, used to meet the continuing education requirement, from the date of his/her certification, to the last day of the three (3) calendar years following the date of his/her certification. Certified peace officers, reserve officers, and CEOs may begin accruing hours, used to meet the continuing education requirement, starting January 1, 1996, to be used to meet the January 1, 1997 to December 31, 1999 reporting period.] The three (3)-year period of the CLEE program shall operate on a fixed cycle. The first cycle shall run from January 1, 1997 through December 31, 1999, with successive three (3)-year cycles continuing thereafter.*

(4) *Only persons certified before the beginning of a CLEE cycle shall be subject to the CLEE program during that cycle. Pursuant to this rule, a person shall be exempt from the CLEE program during the cycle in which he or she is first certified. A person exempt from the current CLEE cycle may complete CLEE training and apply it against the requirements of the following cycle.*

[(4)](5) All law enforcement agencies within this state may adopt standards which are higher than the minimum standards implemented in these regulations. The minimum standards for continuing education as set forth in these rules are in no way to be considered sufficient or adequate in those cases where higher standards have been adopted or proposed. Higher qualifications are strongly recommended where the law enforcement agency is in a position to require and provide for higher qualifications. Law enforcement agencies may pay all or any portion of the cost of continuing education for certified peace officers within that agency. Failure of an agency to pay the cost of continuing education does not end the responsibility of certified peace officers, within that agency, for meeting the continuing education requirement.

AUTHORITY: sections 590.115 and 590.140, RSMo Supp. [1996] 1999. Original rule filed Aug. 15, 1995, effective March 30, 1996. Amended: Filed Dec. 3, 1996, effective June 30, 1997. Amended: Filed Aug. 2, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

15 CSR 60-10.010 Definitions

PURPOSE: This rule advises the public of the definitions adopted for certain terms which are used in section 590.650, RSMo, and the rules promulgated thereunder.

(1) The term “law enforcement agency,” as used in section 590.650, RSMo, shall mean the state highway patrol, any state, county, or municipal department or office that employs peace officers who stop drivers of motor vehicles for violations of any motor vehicle statute or ordinance.

(2) The term “peace officer,” as used in section 590.650, RSMo, shall mean any member of the state highway patrol, any state, county, or municipal law enforcement officer possessing the duty and power of arrest for violation of any criminal laws of the state or for violation of ordinances of counties or municipalities of the state who serve full-time, with pay.

(3) The term “search,” as used in section 590.650, RSMo, shall mean any action of a peace officer, arising out of a motor vehicle traffic stop, that infringes upon an individual’s reasonable expectation of privacy.

(4) The terms “Terry frisk” or “Terry search” shall mean a limited pat-down or frisk of the driver or his or her automobile for weapons which occurs when there are specific and articulable facts which, taken together with rational inferences from those facts, would lead a peace officer reasonably to believe the driver is armed and presently dangerous to the officer or others.

INSTRUCTIONS FOR ANNUAL TRAFFIC STOPS REPORT TO THE AG'S OFFICE

1 Total number of traffic stops: This number will reflect the total number of vehicles stopped by officers in your agency for alleged motor vehicle violations — moving, equipment or license — for the period Aug. 28, 2000 (effective date of law), to Dec. 31, 2000. This total does **not** include stops made for other reasons.

2 Traffic violation(s) resulting in stop: For all stops made, indicate number of stops resulting from:
☐ Moving violations ☐ Equipment violations
☐ License violations

3 Categories of "moving" violations: For all instances where a "moving" violation resulted in the stop, indicate the category violation(s). If no category applies to the violation, use "Other."

4 Result(s) of traffic stops: For all stops made, indicate number of stops resulting in:
☐ Citations ☐ Warnings ☐ Arrests
Do not include arrests made as a result of a search. This information is included in Question 14.

5 Race/minority of drivers stopped: For all stops made, indicate number of drivers stopped in each NCIC category:
☐ White ☐ Black/African-American
☐ Hispanic/Latino ☐ American Indian/Alaska Native
☐ Asian ☐ Other/unknown

6 Age of drivers stopped: For all stops made, indicate number of drivers stopped in each age group:
☐ Under 18 ☐ 18-29 ☐ 30-39 ☐ 40 or above

7 Gender of drivers stopped: For all stops made, indicate number of drivers stopped in each category:
☐ Male ☐ Female

8 Location of traffic stops: For all stops made, indicate number of stops made at each location:
☐ Interstate highway ☐ U.S. highway ☐ State highway
☐ County road ☐ City street ☐ Other
Location is where the officer saw the alleged violation and signaled the driver to stop, **not** where the driver finally stopped.

9 Traffic stops resulting in searches: For all stops made, indicate total number of searches, along with number of:
☐ Driver searches ☐ Property searches

One stop may lead to a search of the driver and property (the vehicle itself or property inside it) so the breakout of searches **may exceed** number of stops resulting in searches.

10 Probable cause/authority for search: For all searches made, indicate number of searches based on:
☐ Consent ☐ Drug or alcohol odor
☐ Incident to arrest ☐ Plain view contraband
☐ Reasonable suspicion ☐ Inventory
that individual may possess ☐ Drug dog alert
a weapon (Terry Stop) ☐ Other

One or more categories may apply. (Example: the basis for a search may include a drug odor and a drug dog alert.)

11 Duration of search: Indicate the number of searches lasting:
☐ 0-15 minutes ☐ 16-30 minutes ☐ 31 minutes or more
The duration of a search means the amount of time needed to conduct any and all searches described in Question 9.

12 Traffic stops leading to discovery of contraband: Indicate number of stops in which contraband was discovered.

13 Type of contraband discovered: Indicate number of times each type of contraband was discovered:
☐ Illegal drugs/drug paraphernalia ☐ Currency
☐ Weapons ☐ Stolen property ☐ Other

14 Total number of drivers arrested as result of search: Indicate number of arrests made. Number of arrests made pursuant to searches **does not include** number of arrests made pursuant to stops (see Question 4).

15 Crime/violation alleged as result of arrests: For all arrests made (add totals for questions 4 and 14), indicate number of times each crime or violation was alleged:
☐ Outstanding warrant ☐ Drug violation ☐ DWI/BAC
☐ Resisting arrest ☐ Property crime ☐ Other
☐ Offense against person
Each arrest may result in **more than one alleged crime/violation.**

Breakout of Annual Traffic Stops Report by Race/Minority Status

The Traffic Stop Reports by Race/Minority Status provide the same information as the Annual Traffic Stops Report but is broken down by group:

- | | |
|--|--|
| <input type="checkbox"/> White | <input type="checkbox"/> Black/African-American |
| <input type="checkbox"/> Hispanic/Latino | <input type="checkbox"/> American Indian/Alaska Native |
| <input type="checkbox"/> Asian | <input type="checkbox"/> Other/unknown |

The total number of stops for each minority group should **equal** the number of traffic stops reported by the agency on the Annual Traffic Stops Report.

Personnel
Chapter 5—Working Hours, Holidays and Leaves of

ORDER OF RULEMAKING

By the authority vested in the Personnel Advisory Board under section 36.070, RSMo Supp. 1999, the board amends a rule as follows:

1 CSR 20-5.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2000 (25 MoReg 1196-1197). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: During the comment period, there have been several discussions concerning various impacts of the change in the annual leave maximum.

COMMENT: In regard to the proposal that annual leave maximums be applied on an annual basis, a number of agencies expressed concern about employees saving leave for the year-end holidays and staffing winter weather conditions.

RESPONSE AND EXPLANATION OF CHANGE: Based on comments from the agencies, the Board modified paragraph (1)(D)1. to apply the annual leave maximum on October 31 each year, rather than December 31. Many agencies felt that using the end of October would be preferable.

COMMENT: Several agencies also expressed concern that their ShareLeave programs would not receive needed annual leave contributions if employees could hold leave above the maximum for up to a year rather than contributing monthly. These agencies asked for assistance to transition their programs to the new circumstances.

RESPONSE AND EXPLANATION OF CHANGE: Based on these concerns, the Board added paragraph (1)(D)4. to permit supplementation of donations to ShareLeave if an appointing authority finds a serious reduction in contributions. The appointing authority may request from the Board a temporary authorization to use leave with pay as a means to maintain the program.

1 CSR 20-5.020 Leaves of Absence

(1) Annual leave or vacation with pay shall be governed by the following provisions:

(D) The maximum allowable accumulation of annual leave shall not exceed twenty-four (24) times an employee's current full-time monthly accrual rate or forty-eight (48) times an employee's current full-time semi-monthly accrual rate. This maximum accrual shall apply in the following manner:

1. At the close of business on October 31 of any calendar year, unliquidated accumulation of annual leave which exceeds the maximum allowable accumulation shall lapse and credit for the excess leave shall not be carried forward to the month of November;

2. An employee entitled to annual leave who has resigned or otherwise separated from the service shall be entitled to receive reimbursement for the amount of this accrued leave which does not exceed the maximum allowable accumulation;

3. An employee who transfers to another department or who is appointed to a position in another department without break in service shall be entitled to receive reimbursement, under the provisions of subsection (1)(G), for the amount of this accrued leave which does not exceed the maximum allowable accumulation;

4. If, in the initial year of transition to the annual application of the annual leave maximum, an appointing authority finds that there has been a serious reduction in contributions by employees to a ShareLeave program as defined by 1 CSR 20-5.025, the appointing authority may request from the board a temporary authorization to add leave with pay as defined by 1 CSR 20-5.020(8)(B)5. to the ShareLeave balance as a means to maintain the program;

No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received two (2) comments.

COMMENT: Dr. Allen Parry, Logan College, commented that the language in the proposed amendment is confusing and suggested that subparagraph (3)(B)2.B. be further broken down to separate the three (3) thoughts of the board.

RESPONSE: The board disagrees. After review of the proposed amendment the board believes the language as presented is clear.

COMMENT: Thomas Holloway, Missouri Medical Association, commented that the proposed amendment would allow a chiropractor to form a professional corporation without including the word chiropractor, chiropractic, doctor of chiropractic or the like in the name of the corporation if some other licensed professional provides services at least twenty (20) hours a month. This means a full-time chiropractor could employ a part-time nurse as little as five (5) hours a week and not be required to inform the public that his/her professional corporation is engaged in the practice of chiropractic. Mr. Holloway stated that this provision is in direct conflict with Section 331.060.2.(14)(e) which creates a cause for discipline against the license of any chiropractor for "failure to use the term chiropractor, doctor of chiropractic, chiropractic physician, of D.C. in any advertisement, solicitation, sign, letterhead, or any other method of addressing the public." Mr. Holloway stated that the law clearly does not provide any exception or exemption for chiropractors who offer the services of another licensed health care professional. The law applies to all licensees equally and does not afford any of them the opportunity to fail to identify themselves as chiropractors, doctors of chiropractic, D.C., etc. Mr. Holloway recommended the amendment be withdrawn since it is in direct conflict with the law.

RESPONSE: The board disagrees. In a professional corporation/clinic consisting of chiropractor(s) and health care professionals other than chiropractors, individual chiropractors within the professional corporation can and must comply with the statute by ensuring that all communications, letterhead, etc. addressed to patients or the public clearly identifies their own credentials, i.e., "D.C.," "chiropractic physician," "chiropractor," or "doctor of chiropractic." This does not mean that it would be "false, misleading or deceptive to the general public" for the professional corporation or clinic name not to include a chiropractic term so long as the clinic truly is multi-disciplinary. In fact, the argument can be made that the public could be misled as to such a clinic's practice if it were required to have a name suggesting that only chiropractic services were offered. Section 331.060.2(14)(e) provides a cause for disciplining individual chiropractors for failure to reveal

their professional credentials to the public. This does not prohibit a multi-disciplinary practice from choosing a name which accurately reflects to the public the services offered.

SUMMARY OF COMMENTS: One comment was received on the proposed amendment.

COMMENT: The Executive Director for the Missouri Riverboat Gaming Association, Michael Ryan, wrote a letter in support of the proposed amendment. In his letter, he states the following:

1. Currently, Missouri is the only state that mandates the exchange of currency in slot and video poker machines for tokens.

2. The gaming industry supports the exchange of currency for electronic tokens for many reasons:

a. Slot machines are not built to be change machines; consequently, under the current scenario, the machines malfunction more frequently.

b. The hoppers or token receptacles of a slot or video poker machine also empty more often requiring an attendant to refill them frequently. The end result is more machine downtime and guest frustration.

c. The gaming industry is very competitive. The procedure gives surrounding jurisdictions such as Illinois, Iowa and Kansas an unfair competitive advantage.

3. The great majority of casino guests find the procedure frustrating, inconvenient and unnecessary.

4. Opponents of Vend-to-Meter argue that the proposed change will speed up play, resulting in greater losses to the casino guests.

5. In fact, the current procedure has induced some casino guests to play higher denomination slot or video poker machines so they don't have to re-insert so many coins.

6. The proposed change will not affect loss limit tracking.

7. The proposed change will improve customer service—slot attendants will have more time to spend on guest services because slot fills will be reduced.

8. It will reduce machine downtime by eliminating unnecessary wear and tear on slot machines.

9. It will allow Missouri gaming to be more competitive with surrounding jurisdictions.

10. And, most importantly, it will continue to allow guests the option of cashing out and playing with physical tokens.

RESPONSE: The Commission has considered these comments to be reasonable and support the changes proposed by the Commission. No changes will be made to the proposed amendment.
